OBJECTIVE

Motivated Computer Science graduate with strong foundations in software development, data analysis, and web technologies, seeking to start my career as an Analyst Trainee . Skilled in problem-solving, teamwork, and delivering innovative solutions through academic and real-world projects..

EDUCATION

Bachelor of Science in Computer Science Expected Graduation: 2026

Vellore Institute of Technology, Vellore

CGPA : 8.89

Relevant Coursework: Data Structures, DBMS, Software Engineering, Web Development, Data Mining, Cyber Security

HSC 2ND YEAR

K H MATRICULATION BOYS HIGHER SECONDARY SCHOOL

PERCENTAGE : 86%

SKILLS

Technical Skills: SQL, Python, Java, JavaScript, HTML, CSS, Node.js, React.js, MongoDB

Soft Skills: Problem Solving, Communication, Teamwork, Adaptability, Leadership

Tools & Platforms:MS Excel, Vercel, GitHub, Cloudinary, Arduino, Firebase

EXPERIENCE

Full Stack Application Development Intern Apr 2025 – May 2025
PK Ventures Private Limited – Vellore

- Developed and deployed web applications using **Node.js, Express.js, MongoDB, and React.js**.
- Designed and optimized **database schemas** for handling student/faculty records.
- Integrated **Cloudinary** for secure media storage and **API endpoints** for CRUD operations.
- Improved application performance and responsiveness through clean UI and structured backend.

Data Entry Operator Jul 2025 – Present
Seva Center – Ranipet

- Entered and verified **high-volume data** with 95%+ accuracy, reducing errors in reporting.
- Assisted in generating reports and maintaining client records, improving workflow efficiency.
- Gained strong skills in **Excel, data accuracy, and time management**.

PROJECTS

Air Pollution Monitoring System (IoT Project)

- Built using Arduino UNO, ESP8266, DHT11 sensor, and MQTT.
- Monitors air quality in real-time and alerts users through buzzer & LED indicators.

E-Commerce Product Recommendation System

- Implemented Apriori algorithm with HTML, CSS, and JavaScript.
- Suggested additional products to shop owners based on frequent item sets.

Student & Faculty Management Dashboard (Full-Stack Project)

- Built with Node.js, Express.js, MongoDB, and Cloudinary.
- Features CRUD operations for student/faculty records with image upload and admin control.

EXTRA-CURRICULAR ACTIVITIES

- Created technical content and shared coding resources with peers.
- GITHUB LINK : *https://github.com/Hamdan711557*
- Active participant in hackathons, coding challenges, and seminars at VIT..

LEADERSHIP

- Coordinated team projects and presentations during coursework.

- Mentored peers in web development and IoT projects.
