Hariharan S

Aeronautical Engineering student

Details

Email:harisiva591@gmail.com

phone:8939605933

Location : Coimbatore , India

SKILLS

- SOLIDWORKS (3D CAD)
- ANSYS (FEA&CFD)
- MS OFFICE SUITE
- REMOTE PILOT
- PROBLEM SOLVING
- TEAM COLLABRATION

LAUNGAGES

English

Proficient

Tamil

native

COURSES

Aerodynamics

Aircraft structures

Propulsion systems

PROFILE

Aeronautical engineering student with practical industry experience at skyline space

Proficiency in solidwords for 3D modelling and ANSYS for structural and CFD analysis

Strong foundation in aerodynamics, aircraft structures , propulsion.

Ability to work flexibility and adapt to changing technical requirements and project priorities

Ceritified Drone pilot

EMPLOYMENT HISTORY

Oct 2025-nov 2025

SKYLINE SPACE,COIMBATORE:

Aerospace Engineering Intern Gained practical experience in aerospace component design and analysis through industry internship

Created 3d CAD models of aerospace components using solidworks

Performed structural and CFD simulation using ANSYS

Followed design-to-analysis workflow and engineering best practices

Interpreted simulation results and improved modelling accuracy.

FLYTUTOR RPTO:

Remote Pilot Certificate (RPC)
Directorate General of Civil Aviation (DGCA), India

- Successfully completed DGCA-approved Remote Pilot training program.
- Certified to operate UAVs in compliance with national aviation regulations and safety standards.
- Trained in flight planning, airspace management, meteorology, and emergency procedures.
- Demonstrated practical proficiency in safe drone operations and mission execution.

EDUCATION

B.E AERONAUTICAL ENGINEERING

2023-2027 (3rd year)

Park Collage OF Engineering &Technology, Coimbatore

Focus: Aerodynamics , Structures ,Propulsion Systems.
